MiG CONSTRUCTION CHOSEN TO BUILD GALLERY FOR RENOWNED ARTIST

LAS VEGAS, September 2009—MiG Construction was recently awarded six projects in CityCenter, including the Dale Chihuly Gallery. With stringent budget and deadline constraints, the bid was not easily won. MGM selected MiG, who worked with Dale Chihuly to achieve the stunning architectural features and design, most notably the 700-lb. floating glass sculpture at the entrance.

A dominant presence in the art world, Chihuly is recognized for his use of color, fluid forms and large-scale glass installations. MiG was able to preserve his vision and complete the project in time for the opening of the Mandarin Tower. This dynamic exhibition space will be a must-see cultural destination for any visitor.

MiG's other CityCenter projects were hard won as well, often prevailing over as many as six general contractors. These include: The Light Group's Union Restaurant, featuring contemporary American cuisine in a hip, open layout; Julian Serrano, a Spanish tapas restaurant with brilliantly colored tiles throughout; Social House, an Asian-themed restaurant; and the exclusive Watch and Jewelry Store in the Aria Tower, an elaborate design of offset elliptical and oval cases.

Recently awarded Nevada Minority Contractor of the Year and nominated National Contractor of the Year by the National Minority Supplier Diversity Council, and MiG's Vegas footprint spans 13 properties including Mandalay Bay, Luxor, Excalibur, New York New York, MGM Grand, Caesar's Palace and Mirage.

About MiG

MiG Construction is an award-winning, nationally ranked integrated construction solutions firm servicing boutique to large-scale projects on the Las Vegas Strip and nationwide. With over 45 years' industry experience, Paul Jenkins, Sr., CEO, leads MiG's passionate team of safety-focused professionals offering design/build, general contracting, construction management, and pre- and postconstruction services.
